

LENMAR®

THE DURALAQ® LINE OF NITROCELLULOSE PRODUCTS OFFERS A COMPLETE SYSTEM FOR ALL TYPES OF WOODWORK.

DURALAQ® TOPCOATS

Water White Lacquers

Duralaq® Water White Nitrocellulose Lacquer (1LL.21X series)

- Ready-to-spray 25% solids formula
- Fast drying and HAPS compliant

1LL.210	Duralaq® Water White Nitrocellulose Lacquer – Gloss
1LL.216	Duralaq® Water White Nitrocellulose Lacquer – Semi-gloss
1LL.214	Duralaq® Water White Nitrocellulose Lacquer – Satin
1LL.212	Duralaq® Water White Nitrocellulose Lacquer – Dull Rubbed
1LL.211	Duralaq® Water White Nitrocellulose Lacquer – Flat

Duralaq® Production High Build Lacquer (1LL.68X series)

- High solids for quick build in fewer coats
- Good flow and leveling with fast dry

1LL.689	Duralaq® Production High Build Lacquer – Gloss
1LL.686	Duralaq® Production High Build Lacquer – Semi-gloss
1LL.684	Duralaq® Production High Build Lacquer – Satin
1LL.682	Duralaq® Production High Build Lacquer – Dull Rubbed

Duralaq® High-Solids Production Lacquer (1LL.63X series)

- High build formulation
- Easy application achieving superior flow and leveling

1LL.639	Duralaq® High-Solids Production Lacquer – Gloss
1LL.636	Duralaq® High-Solids Production Lacquer – Semi-gloss
1LL.634	Duralaq® High-Solids Production Lacquer – Satin
1LL.632	Duralaq® High-Solids Production Lacquer – Dull Rubbed

LACQUER TINT BASES

Duralaq® Nitrocellulose Lacquer Tint Base (1K01.99XX series)

- Available in three bases for a variety of colors
- May be tinted with 144 Prism line or other approved industrial colorants

White Tint Base

1K01.9979	Duralaq® Nitrocellulose Lacquer White Tint Base – Gloss
1K01.9976	Duralaq® Nitrocellulose Lacquer White Tint Base – Semi-gloss
1K01.9974	Duralaq® Nitrocellulose Lacquer White Tint Base – Satin

Deep Tint Base

1K01.9989	Duralaq® Nitrocellulose Lacquer Deep Tint Base – Gloss
1K01.9986	Duralaq® Nitrocellulose Lacquer Deep Tint Base – Semi-gloss
1K01.9984	Duralaq® Nitrocellulose Lacquer Deep Tint Base – Satin

Clear Base

1K01.9996	Duralaq® Nitrocellulose Lacquer Clear Tint Base – Semi-gloss
1K01.9994	Duralaq® Nitrocellulose Lacquer Clear Tint Base – Satin

PIGMENTED LACQUERS

Duralaq® Pigmented Lacquer Concentrate

- High viscosity concentrates with exceptional hide
- Rapid build with excellent flow and leveling

White

1A.02	Duralaq® Pigmented White Lacquer Concentrate – Gloss
1H.12	Duralaq® Pigmented White Lacquer Concentrate – Semi-gloss
1A.04	Duralaq® Pigmented White Lacquer Concentrate – Satin
1A.03	Duralaq® Pigmented White Lacquer Concentrate – Dull Rubbed

Black

1A.97	Duralaq® Pigmented Black Lacquer Concentrate – Gloss
1A.13	Duralaq® Pigmented Black Lacquer Concentrate – Semi-gloss
1A.77	Duralaq® Pigmented Black Lacquer Concentrate – Satin
1A.87	Duralaq® Pigmented Black Lacquer Concentrate – Dull Rubbed

LENMAR®

DURALAQ® UNDERCOATERS

The DuraLaq® undercoater line is broad and supplies a product for every finishing need. These products offer high solids with superior hide, along with excellent adhesion. For best performance, use with any DuraLaq topcoat system.

- 1C.216 DuraLaq® Nitrocellulose Black Undercoater
- 1C.358 DuraLaq® High Viscosity White Undercoater
- 1C.365 DuraLaq® White Lacquer Undercoater
- 1C.402 DuraLaq® Ready-to-Spray White Undercoater
- 1C.421 DuraLaq® White Lacquer Primer Surfacer
- 1E.410 DuraLaq® Premium White Lacquer Undercoater

DURALAQ® SEALERS

The DuraLaq line of sealers are formulated to achieve excellent results when used with the DuraLaq topcoat systems. These sealers provide easy application with exceptional adhesion and sanding qualities. Refer to Technical Data Sheet for specific product information.

- 1C.201 DuraLaq® Nitrocellulose Sanding Sealer
- 1C.203 DuraLaq® Water White Nitrocellulose Sanding Sealer
- 1C.204 DuraLaq® White Vinyl Sealer
- 1C.383 DuraLaq® High Build N/C Pro Sealer
- 1C.397 DuraLaq® High Solids WW Sanding Sealer
- 1C.399 DuraLaq® High-Viscosity N/C Production Sealer
- 1C.423 DuraLaq® High Solids Water White N/C Sealer

Code	Product Description	Sheens Available	Solids (by Wt)	VOC (g/L)	Viscosity (#2 Zahn)	Recoat	Dry Color
