GEMINI INDUSTRIES and MASTER'S MAGIC

Gemini Industries is an employee-owned company, so when you call Gemini you are talking to an owner. From the representative you deal with, to the person who makes your wax stick, each and every member of the Gemini team is an owner of the company and he or she takes personal pride and concern with your business.

Quality wood finishing supplies done right are a challenging fusion of chemistry, technology and dedicated service to the projects. Gemini specializes in wood finishing supplies. When your next finishing project is at hand wouldn't you rather have your support materials made and delivered by an owner of the company?

*Since 1964 Gemini Coatings has focused on one thing, the making of superior coatings, wood finishes and touch up products – **it is our sole business and we take great pride in it!***

GEMINI'S CORE VALUES

INTEGRITY: *We treat our customers, our suppliers, our communities and our fellow team members with the openness and honesty we ourselves would like to receive. Integrity in all of our interactions and relationships is the basis of our strength.*

INNOVATION: *Gemini is committed to research and development and uncompromising quality in all aspects of our business with a goal of complete customer satisfaction.*

PARTICIPATION: *We offer team members opportunities for personal growth and development, involvement in decision-making and ownership in a safe, enjoyable and clean environment.*

RESPONSIBILITY: *Gemini is committed to our customers, team members, our community and our environment. Honesty and trust are the foundations of Gemini's relationships.*

COMMITMENT: *We are committed to walking our talk every day, in every location, in every relationship, in everything we do.*

TOUCH UP & REPAIR SUPPLIES product family includes:

AEROSOL TOUCH UP

Master's Magic offers a complete selection of aerosolized products including: clear lacquers, sealers, blush eliminators, toners and pigmented lacquers.

TOUCH UP CABINET MARKERS

These wick type dye markers are ideal for touching up finishes that have received scuffs and light scratches during moving or installation. The markers feature excellent flow and adhesion to most surfaces and are resistant to polishes.

PAINT PENS

These valve type heavily pigmented markers offer better coverage and hiding. The markers feature excellent flow and adhesion to most surfaces and are resistant to polishes.

WAX STICKS & BLEND STICKS

Our wax sticks feature an exclusive blend of waxes offering superior glide and a more durable fill. They are one third larger than most competitors fill sticks and provide an outstanding value.

BURN IN STICKS

Our burn in sticks melt easily and have excellent flow out from the hot knife. They do not string out or gum up as do many substitutes. They have excellent adhesion to all types of finishes.

TOUCH UP POWDERS

Super fine, ground pigment colors for graining and color replacement in all types of touch up. 1 ounce size available.

FINISH PUTTY

Our finish putty is a premium grade industrial product, which can be used for filling open joints, cracks, scratches. and nail holes. This product allows quick application, easy clean up and is a suitable alternative to our wax stick.

STANDARD LACQUERS

Perfect for restoring older damaged finishes to their original appearance. This product has a natural, amber color that will darken with age, therefore we do not recommend it for touch up over whites or light colors.

ALSS	AEROSOL LACQUER SANDING SEALER
AL90	AEROSOL LACQUER GLOSS
AL60	AEROSOL LACQUER SEMI-GLOSS
AL30	AEROSOL LACQUER SATIN
AL10	AEROSOL LACQUER FLAT

WATER CLEAR LACQUERS

Water clear lacquers are made with a resin system that is inherently more clear, and more resistant to yellowing. They are ideal for use when touching up a new finish, and are a better choice for use over lighter colors. They will still amber over time but not to the same degree as the standard lacquer system.

AWCSS	AEROSOL WC SANDING SEALER
AWC90	AEROSOL WC GLOSS
AWC60	AEROSOL WC SEMI-GLOSS
AWC30	AEROSOL WC SATIN
AWC05	AEROSOL WC DEAD FLAT

NO HALO LACQUERS

These lacquers have been specifically formulated for touch up in conspicuous areas to blend in perfectly without leaving a tell-tale halo around the repaired area.

ANHSS	AEROSOL NH SANDING SEALER
ANH90	AEROSOL NH GLOSS
ANH60	AEROSOL NH SEMI-GLOSS
ANH50	AEROSOL NH 50 DEGREE
ANH35	AEROSOL RUBBED EFFECT 35
ANH25	AEROSOL NH SATIN 25
ANH10	AEROSOL NH FLAT

PIGMENTED LACQUERS

Gemini's Aerosol Pigmented Lacquer series offers the professional wood finisher, the hobbyist, and the do it yourselfer the same high quality performance seen in our bulk products, but in a convenient and easy to use package. Perfect for when you need a pigmented lacquer for touch up work.

AWPS	AEROSOL WHITE SEALER
AWPL90	AEROSOL WHITE LACQUER GLOSS
AWPL60	AEROSOL WHITE LACQUER SEMI-GLOSS
AWPL30	AEROSOL WHITE LACQUER SATIN
AWPL20	AEROSOL WHITE LACQUER DULL
AWPL10	AEROSOL WHITE LACQUER FLAT
ABLSS	AEROSOL BLACK LACQUER SEALER
ABL90	AEROSOL BLACK LACQUER GLOSS
ABL30	AEROSOL BLACK LACQUER SATIN
ABL10	AEROSOL BLACK LACQUER FLAT

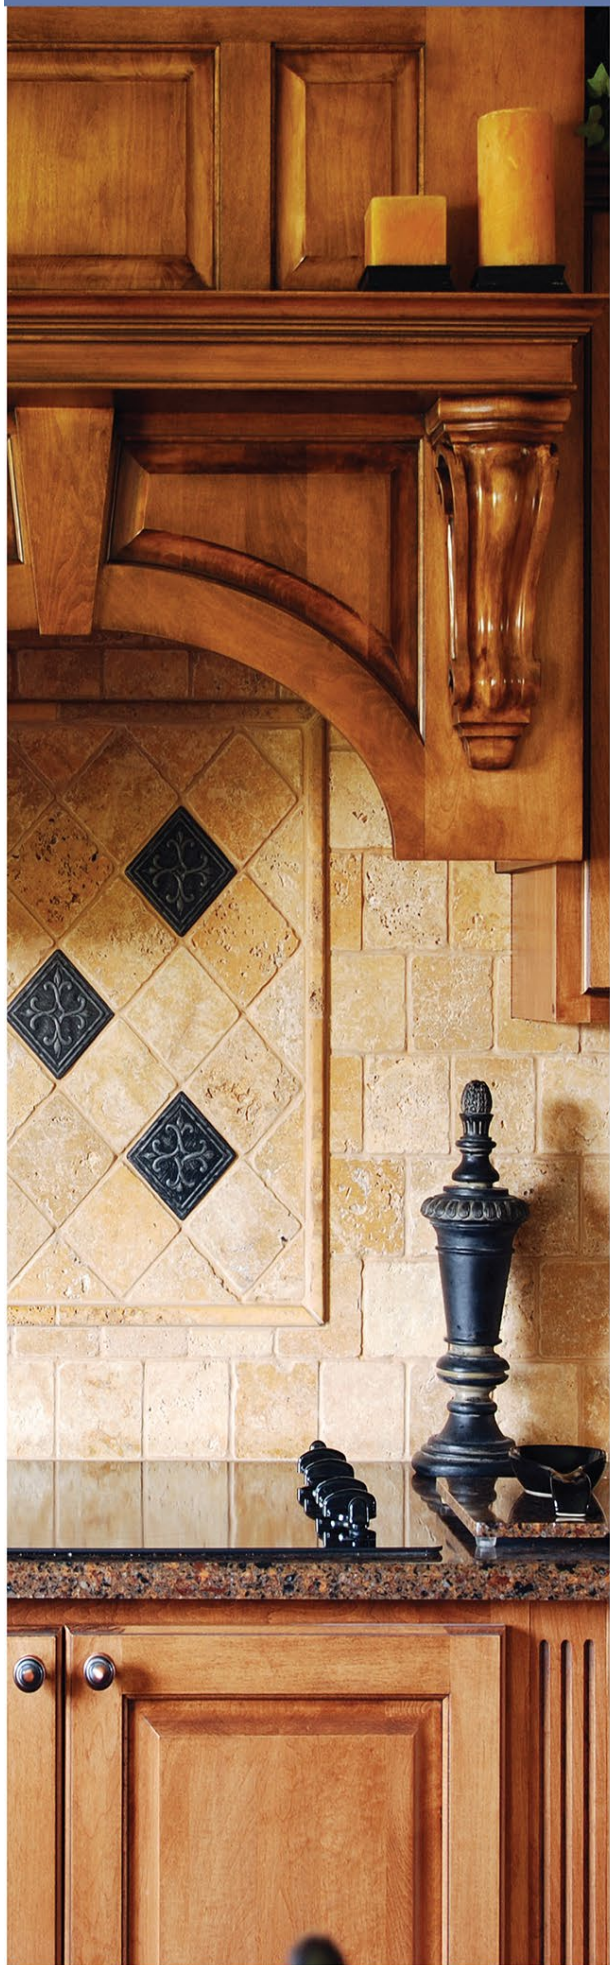

BLUSH ELIMINATORS

Humidity, cold weather, and fast drying lacquers are all culprits in causing blush (that annoying white haze or ring caused by moisture trapped in the finish). A quick misting of this product and the blush disappears-immediately! Blush eliminator re-flows the finish and allows trapped moisture to escape. Our ABLUSH100 Blush Eliminator is a slow action formula with an extended drying time and is the most effective product when the conditions are the toughest. The ABLUSH101 is a quicker drying solvent blend allowing maximum speed of repair time.

ABLUSH100	BLUSH ELIMINATOR
ABLUSH101	QUICK BLUSH ELIMINATOR

ACL09	CRACKLE LACQUER
ALOP104	LEMON OIL POLISH
ADL700	DRAWER LUBE AEROSOL
AWR800	WAX REMOVER AEROSOL

MASTER'S MAGIC AEROSOL SHADING TONERS

Master's Magic aerosol shading toners feature a unique blend of solvents with special pigments for mild color adjustments to small areas. These toners make it easy to shade and blend blotchy or uneven finishes with just a few light sprays. Aerosol shading toners come in 13 oz fills and are available in a wide range of colors listed below. Master's Magic shading toners are very adaptable for various methods for blending in spot repairs, and are designed to be used over a clear finish. A final, clear topcoat is also recommended for durability and sheen adjustment. With Master's Magic aerosol shading toners you can touch up any interior wood finish with confidence.

Handy Tips for Maximum Results on Aerosol Toners

SURFACE PREPARATION:

- **This product is formulated for application over dry finishes only.**
- **All wood surfaces must be dry, clean, and free of all contaminants.**
- **A final top coat is required for protection and durability.**

APPLICATION:

DO:

- Use over lacquer-based finishes.
- Apply over a clear finish.
- Hold can approximately 12-18 inches from the surface and lightly spray toner over the area.
- Allow at least 5 minutes of dry time for each layer.
- Apply several layers of color for best results.
- After desired look is achieved, apply a final top coat.

DON'T:

- Apply heavy or wet coats; this could result in color separation or a painted look that will cover the natural wood grain.
- Do not apply to raw wood.

DRY TIME:

- Relative humidity will affect the speed of drying
- Dry time will be faster at higher temperatures and lower humidity. Dry time will be slower at colder temperatures and higher humidity.

PROBLEM SOLVING:

- **Color separation:** May be the result of spraying too heavily or closely.
- **Clabbering:** Indicates a chemical reaction or incompatibility.
- **Gummy streaks or runs:** Could be the result of inadequate dry time between coats or too heavy of coats.

TRICKS OF THE TRADE:

- This toner is designed to be used in a lacquer system.
- To spot test, lay a piece of clear glass on the surface to be toned and apply a light coat.

MASTER'S MAGIC TOUCH UP MARKERS

These wick type markers are ideal for touching up furniture that may have received scuffs and slight scratches during moving or installation. The marker features excellent flow and marks equally well with the edge, bottom, or lip. Master's Magic markers feature great adhesion to most surfaces and are resistant to polishes, offering the durability needed for normal repair work.

MARKER KITS

KTPM12, KTPM2400, KTPM2400B, C67 MARKER BAG

These markers are ideal for touching up finishes that have received scuffs and light scratches during moving or installation. The markers feature excellent flow and adhesion to most surfaces and are resistant to polishes, offering the durability needed for quality repair work.

PAINT PENS KITS

KTPP12

Fast opaque color touch-up in a paint pen. Excellent for solid color touch-up. These pens are high solids and high gloss. Features superior adhesion with a durable finish requiring no top coat. This kit comes with a variety of popular colors.

WAX STICK KITS

KTWS12, KTWS2400, KTWS36, KTWS48 & KT8504

These wax sticks feature an exclusive blend of waxes offering superior glide and a more durable fill. They are one third larger than most competitor's fill sticks and provide an outstanding value.

POWDER KITS

KTMB (Primary Colors)

Super fine, ground pigment colors for graining and color replacement in all types of touch up.

FINISH PUTTY KITS

KTFP12, KTFP2400, KTFP36

This is a premium grade industrial product, which can be used for filling open joints, cracks, scratches and nail holes. This product allows quick application, easy clean up and is a suitable alternative to our wax stick.

BURN-IN STICK KITS

KTBI12

These burn-in sticks melt easily, have excellent flow out and durability.

ELECTRIC BURN-IN KNIFE

18 Watt Electric Burn-In Knife

BIK006

CORK & FELT BLOCKS

When a level surface is a must.
Can be used with all types of sandpaper.
Measures 4" x 2" x 1"

BL001 Cork Block

BL002 Felt Block

RED SABLE LINER BRUSHES

Gemini liner brushes are quality red sable brushes that will provide excellent touch up and repair over many years of use.

BR010 RS liner size 0

BR011 RS liner size 1

GRAINING PENS

Gemini Graining pens will allow you to produce extra fine grain lines over any surface. New tip with continuous flow writing. Quick drying, permanent inks. Available in both medium and dark brown.

GP003 Medium Brown

GP002 Dark Brown

MAGIC BALM

Magic Balm enhances protection and prevents unwanted spread of excessive burn-in stick. Available in a 3 oz. jar.

MI001 Magic Balm

RUBBING LUBE

Concentrated rubbing compound for rubbing down finishes or removing packing marks. Mix with water or use directly on steel wool and dip in water. Leaves a smooth, great feeling finish that may be re-coated.

MI002 Rubbing Lube - 16 oz.
